What you should know

- **Primary Care Physician (PCP):** A PCP is important for receiving care and this plan requires you to select a PCP. When you enroll, we'll ask who your PCP is. If you don't tell us, we'll assign one to you. You can always change the PCP by calling us.
- **Referrals:** In most cases, your PCP must give you approval before you can use other providers in the network. You don't need a referral for emergency or urgently needed care.
- **Prior authorizations:** Your doctor will work with us to get approval before you receive certain services or drugs. Benefits that may require a prior authorization are listed with an asterisk (*) in the benefits grid.

You can find more details on each benefit listed below in the Evidence of Coverage (EOC).

Understanding the benefits

- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2022.
- Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
